

MANDELA DAY QUICK QUIZ

Do you know of a community in South Africa where people struggle daily to collect water?

Dear <<First Name>>
Friday 18 July is Mandela Day. Answer our quiz to help us identify and support more communities in need of Hippo Water Rollers. Simply click one of the options below, and we will receive the results. Thank you!

1. YES...

I am aware of a certain community

2. Yes and..

I know a specific person or family

3. No.

But I am fully aware of the crisis

Every day, millions of women and children in developing countries are forced to walk an average 6 km per day, carrying heavy loads of water, typically in heavy 20L (kg) containers balanced on their head.

Why 67.67? The late Mr Nelson Mandela spent more than 67 years serving his community, his country and the world. The number is symbolic of how people can start to do the same – to take responsibility for changing the world into a better place, one small step at a time, just as the late Mr Mandela did for more than 67 years.

'Help to provide 67x water-stressed communities with up to 67x Hippo rollers each.'

Email us: 6767@hipporoller.org
