

Dear <<First Name>>

We have just arrived back in South Africa from our first very encouraging visit to the USA.

Overwhelming success at AIDF Washington DC, USA

Wow, what an overwhelming success the AIDF Exhibition in Washington DC was! We were able to establish important relationships and networking opportunities, and are looking forward to our next visit to the USA.

Young donor in Philadelphia, USA

After the AIDF expo we visited the Grace Epiphany Church in Philadelphia.

For their confirmation program, the youth revived a previously sponsored campaign to support the Hippo Roller project in South Africa. Guided by Ms. Sandra Bacote, the youth researched and then presented the project to their congregation who were "blown away".

One young girl, Janey (photo, right), was so taken by the project that she decided to save up and sponsor a Hippo roller herself. She even asked her friends to bring donations to her birthday party for this.

Janey and her sister, Maggie presented me with a tin bearing her savings during my recent presentation to the Church and invited guests.

Thank you Janey, your kind generosity is heartwarming and will change a family's life for the better.
